Overview variants of unit control panel

The integra Operator components PROFINET (PN) are used in the following shops:

Body shop(BS)

Assembly / mechanization (ASS)

Conveyer Technology (CV), internal conveyer Technology (APT-CVI)

Paint shop process Technology (PT) and special applications (eg. technology controls)

The following configuration levels are defined:

User operating panel 60 UOP 60	User operating panel(WIN10) with heavy duty stand, use as a single Systems - Visualization, for CV-areas, APT-CVI. KP32F, Light column, Emergency stop and other switching elements
User operating panel 63 UOP 63 PS-PT / UOP 63 TECH	User operating panel(WIN10) with heavy-duty stand as stage 60, use as OF-VT- visualization, Possibly as a technology computer (Without KP32F, Light column, emergency stop and various switching elements)
IPC 547G- Rack PC	Special design for technologies

Overview variants of PLC control cabinets

The integra control cabinets PROFINET (PN) are used in the following trades:

Body shop(BS)

Assembly / mechanization (ASS)

Conveyer Technology (CV), internal conveyer Technology (APT-CVI)

Paint shop processing Technology (PT) and special applications (eg. technology controls)

The following configuration levels are defined:

PLC control cabinet 60.1	PLC control cabinet 60.1 with 1x CPU 1517F, 1x PN / PN coupler, 1x XM 416-4C
PLC control cabinet 60.2	PLC control cabinet 60.2 With 2x CPU 1517F, 2x PN / PN coupler, 2x XM 416-4C
PLC control cabinet 60.3	PLC control cabinet 60.3 with 3x CPU 1517F, 3x PN / PN coupler, 3x XM 416-4C
PLC control cabinet 60.4	PLC control cabinet 60.4 with 4x CPU 1517F, 4x PN / PN coupler, 4x XM 416-4C
PLC Control cabinet 60.1 CV ASS	PLC control cabinet 60.1 conveyor assembly 1 CPU 1517F, 1x PN / PN coupler, 1x XM 416-4C, 1x Scalance X208
CC CABINET 60	Power meter, 6 Motor protection Departures, 1x PN / PN coupler, 1x S7 CPU 1517F, 1x Scalance XM 416-4C, 1x FL-MGuard RS4000 TX / TX,

Overview PLC control cabinets / Compact control cabinet

Note: Country-specific variant of power outlet China and RSA has to be converted by the line builder on site.

PLC control cabinet 60.1 - 60.4

Optionally 1-4 controllers:

- 1-4x PN / PN coupler
- 1-4x CPU 1517F - 3PN / DP
- 1-4x Scalance XM 416-4C
- 1-4x FL-MGuard RS4000 TX / TX

PLC control cabinet 60.1 Conveyer Technology / Assembly

Based on:

PLC control cabinet 60.1

- 1x PN / PN coupler
- 1x CPU 1517F - 3PN / DP
- 1x Scalance XM 416-4C
- 1x FL-MGuard RS4000 TX / TX
- 1x additionally Scalance X208

Compact control cabinet 60

H101 Compact control cabinet:

- 6 Motor protection outlets
- 1x PN / PN coupler
- 1x CPU 1517F - 3PN / DP
- 1x Scalance XM 416-4C
- 1x FL-MGuard RS4000 TX / TX
- 1x KP32F
- IPC627D + Monitor IFP 2200
- 1x Power Meter AI Energy meter 480VAC ST
- Keyboard drawer

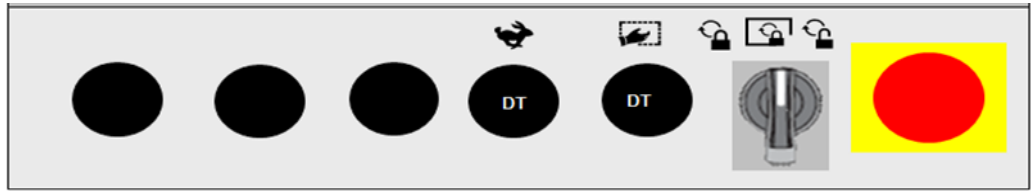
Overhead rates for shipments abroad:

Note: Delivery under Incoterms 2000 CIP

Pos.	description	Germany	USA	China	South Africa
1	Overhead rate / Landed cost factor	**1.00**	**1.17**	**1.17**	**1.17**
2	Delivery costs in the target country				
3	Import duties and taxes				

Note Operation Elements 3SU1

Upon delivery of the construction stages 60 is the placement of the actuating elements (3SU1 Elements) as a "reserve" run with back connection technology.



For the variants with key switch, the necessary 3 actuators must be ordered separately by the supplier in consultation with Daimler AG installed cost neutral as required,

For project-specific extensions (eg bypass safety switches) are the assignments and notw. componentswith Daimler AG clarified and optionally introduced separately to the basic version of AN,

The integra Operating computer must be ordered from the regional distributors of Siemens AG.
The delivery time is 10 Weeks after receipt of order,

Operation Elements 3SU1 Order numbers / project prices

Order	Function	Description	Project price
3SU1000-5BF11-0AA0	Setup / Auto	Key switch, round, CES, 0-I, right latching, SSG10	15,62 €
3SU1000-5BC01-0AA0	Error / Quitt	Key switch, round, CES, 0-I, right groping SSG10	15,62 €
3SU1000-5XC01-0AA0	Emergency Stop Quitt	Key switch, round, IKON, 0-I, right groping, K1	22,98- €
3SU1500-0AA10-0AA0	holder module	additional support of the modules	0,54- €
